

6-12 STUDENT LEARNING EXPECTATIONS

For Students

- A blended learning experience isn't easier or harder than a traditional school day, it is just different.
- **As we enter the 2020-21 school year, the expectations for learning in a remote and blended environment have accelerated** since last spring.
- Be prepared to complete schoolwork 5 days a week regardless of whether we are at school or online.
- Homework and assignments will be posted to Teams and teacher webpages on Mondays. Start there each week. Manage your time daily with a planner or online calendar. Assignments will be posted weekly in PowerSchool.
- Check your school email and Teams daily and touch base with your teachers as often as possible.
- During a blended or remote learning environment, students will always act with academic integrity. Academic honesty is paramount to student learning in a blended environment that requires remote learning in addition to attending school in the building. Students are expected to act as they would in a traditional school setting and submit work that represents their authentic learning. Failure to do this will result in following school and district protocol for student plagiarism.

Be Engaged	Be Respectful	Be a Learner	Be Responsible	Take Care of Yourself!
